A NEW COUNCILMAN.

Mr. Clator, of the Third Ward, Resigns his Position.

HON. A. R. CAMPBELL WAS CHOSEN

To Take his Place in the Second Branch—A Number of Routine Matters of Interest Considered last Night—A Committee Appointed to Consider the Natural Gas Company's Proposition.

Last night the city council secured a quorum with reasonable promptitude. In the second branch the report of the city clerk was read and filed. The report of the committee on ordinances, requiring all telegraph and telephone poles removed to be done so to the satisfaction of the board of public works, and providing for new license taxes, was adopted.

The finance committee's report, enclosing an ordinance making supplemental appropriations, was then taken up. The ordinance was read three times and passed, by an unanimous vote. The additional appropriations were given in the INTELLIGENCER last Saturday.

Another ordinance amending the ten-cent levy appropriation ordinance was also read and passed.

An ordinance requiring the Baltimore & Ohio Railroad Company to construct and keep a safety gate at its crossing on Sixteenth street at McCulloch was also read. It requires the company to place such a gate there by January 1, each day that it fails to do so thereafter to be a separate offense, punishable by a fine of not less than \$5 nor more than \$20. The ordinance was adopted without a dissenting vote.

The resignation of William G. Clator as a member of the second branch of council was presented, and accepted. It was then directed that a successor be elected at once. Mr. Willis nominated Hon. A. R. Campbell.

When Mr. Bender's name was called he said: "Campbell; that's right. That's one Campbell we can vote for." Mr. Campbell received eighteen votes out of a possible eighteen, and was declared elected.

Bills for \$29 50 were ordered paid on recommendation of the committee on scales; \$106 61 from the real estate committee and \$40 30 from the cemeteries committee. The city solicitor was directed to draw up an ordinance to protect the Sixteenth street park. Mr. Hamilton said he hoped the ordinance would cover any park or public property.

The police committee recommended the payment of bills for \$44 on account of the police department and \$139 47 for the city prison. Mr. Reiter thought an item in the last list, of \$43 for meat, was a little steep.

This caused a little discussion. Mr. Hamilton said the meat bill was less than 10 cents a meal, and he thought that was reasonable. The bills were ordered paid.

The report of the commissioners of the electric light loan, showing they had paid \$28,320 of bonds and coupons, was approved in accordance with the report of the finance committee, also the report of the commissioners of the loan of 1877, showing they had paid out \$11,000 on that loan.

On recommendation of the same committee it was ordered that the money paid by milk men for license tax should be refunded. The courts declared this tax illegal.

The recommendation of the committees on streets, alleys and grades and railroads that the Wheeling Ice and Storage Company be refused permission to lay another switch, was adopted.

Bills from the fire committee aggregating \$1,709 65 were ordered paid.

The recommendation of the committee on fire department that plans be drawn for a new fire engine and hook and ladder house on the site of the Atlantic house caused considerable discussion. It was questioned whether that was a good site. Mr. Britt said there would never be any trouble from the proximity of the B. & O. railroad. Houses had stood just as close to that railroad as the Atlantic house had stood, for seventy years. He thought, however, that the city had no money just now to build a new house.

Mr. Hahne said the city needed a new house as badly as anything. Money had to be found in an emergency, and one might arise in this connection. The house might fall down. Finally the committee was authorized to go ahead and have the plans prepared. The first branch, however, referred this back to the fire committee.

Bills from the health committee aggregating \$1,932 79 were ordered paid. On this amount, however, \$7 was credited, as that sum had been paid for a mattress and other goods for an ex-small-pox case.

The matter of the communication of the Natural Gas Company of West Virginia, offering to surrender its franchise if allowed to go on doing business on such reasonable terms as might be agreed upon, was, on motion of Mr. Williams, referred to a special committee of eight, four from each branch, to investigate and report.

The committee from the first branch, as named by the mayor, was Messrs. Otto, Butts, McKelvey and Irwin, and from the second, Dr. Taylor, Messrs. Williams, Rodley and Richmond.

Bills for \$3,640 42 were ordered paid on the recommendation of the board of public works.

About twenty-five residents along Twenty-ninth street protested against the way in which the wall along Caldwell's run was being built. The paper was referred to the board of public works. The main objection seemed to be to the change of grade of the street.

Charles H. Geiger, chief consul of the League of American Wheelmen, filed a protest against the proposed bicycle license tax and the requirement of a lamp on wheels. It was referred to the committee on ordinances.

A resolution calling for the recutting of the river marks on the wharf was referred to the board of public works.

A resolution for a new electric light on the South Side, and one to refund to Fred Weimer on his taxes so much as he had paid for tolls on the National road, were appropriately referred. The latter was amended to include Chris Eir. A communication from the trades assembly, conveying its thanks for a recent resolution in favor of day laborers fixing the hours of work, was received and filed.

Hose Myers presented a claim for \$1,221 75 on account of injuries received, as she alleged, of a faulty sidewalk. She claims that she was injured because a water plug extended above the pavement farther than was safe. The matter was referred to the committee on claims.

Five for the Bill.

In the police court yesterday two men were fined \$1 and costs for peddling without a license, and in default of the cash both went to the jail. One man

paid \$5 and costs for fighting and another was dismissed, while two plain drunks and a man charged with begging on the street were sent up in default of cash.

Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows: July 8, by L. S. Jordan and William Erskine, special commissioners, to Catherine Fisher and others, for \$4,870, part of the farm lately owned by Andrew T. Halsestead and others, on Middle Wheeling creek.

November 4, by T. J. Hugus, trustee, to George Wittenbauer, for \$805, part of lot 9, of the Boggs farm, in the Eighth ward.

\$2 98 buys a good rough Cheviot Jacket, Maudslow sleeve, six button, real value \$5 00, at THE LEADER, H. FUSHEIMER, 1020 Main Street.

DON'T fail to have a pair of these elegant \$6 00 Trousers made to order at C. HESS & SONS.
